The Proprietor trusts that his Remedies, from the fact of being advertised, may not be classed BUCHU, in one form or other, has been presented by every educated Physician for more than TWO HUNDRED YEARS.

H. T. HEMBOLD claims a superior mode of ex-

tracting its virtues. The experiments were made while engaged in the DRUG business in the City of Philadelphia, nineteen years ago, prompted by the alarming increase of diseases of the Bladder Kidneys, Gravel and Urinary Organs, existing in both sexes. These diseases were justly attracting as much attention as diseases of the Liver, or sound and healthy condition of these important organs, the healthy and harmonious action of the happiness of the entire human family, depends, That Buchu should act upon both Liver and Kidneys, to prepare it so that it would reta its strength and active principle, was his aim. It must not be made, as housekeepers make ten, by boiling. It is a delicate leaf, and its active prin ciple would be destroyed by such a process. It must be prepared in VACUO, and from the Longleaf, fresh and carefully selected.

THE SUPERIORITY OF MY MODE OF PREPA

RATION BEING ACKNOWLEDGED, I now ship even to the point (CAPE OF GOOD HOPE) where the leaves are gathered, large quantities of MY FLUID EXTRACT.

IN FACT THE ARTICLE STANDS PRE-EMI-NENT, AND IS KNOWN IN ALL PARTS OF THE WORLD.

The first and most important object was to offer to the afflicted a remedy that was perfectly safe, and could be taken by adults and children. Ignorant persons, who pay no attention to dose. direction or advice, might reason, "That if a teaspoonful taken occasionally did good, two would lo better, and perhaps a bottle would cure in a

Many have broken down their health by dissi pation, and on this principle; but they had been rears in doing so.

What I would have understood is, that no into y can arise from its use. It is as safe as any article of food; but patients must not expect any nedicine to rebuild a wrecked or shattered con titution in a few days.

This truth is so self-evident that it would eem unnecessary to repeatit, were it not for the fact that thousands of persons who are intelligen n all other matters, seem to think unreasonably hat a curative agent must exhibit its specific effects immediately, when the fact is that time is often an important element in the progress of a safe and thorough cure, even when the medicine is working the best results. These same persons would expend HUNDREDS, yes, THOUSANDS OF DOLLARS, in articles of LUXURY AND DISSI-PATION, and think less of it than they would of FIFTY DOLLARS in Medicine to rebuild a BROKEN DOWN AND WORNOUT CONSTITU-

I propose to give evidence that this Remedy is not a patent medicine. The objection which generally lies against all discoveries and inventions in medicine is "publicity." If somebody should discover a remedy to prolong life, or an infallible cure for cholera or consumption, what a monster would he be to withhold his knowledge! CURE OF GRAVEL OF FIVE YEARS' STAND-ING-STONE PASSED AND TO BE SEEN. SAYANNAM, Tenn., May 14, 1889. DR. H. T. HELMBOLD :-

DEAR SIR-We introduced your "FLUID EX-TRACT BUCHU" into this county about eight months ago, and are happy to state it is meeting with universal lavor. We wish to inform you of one instance, among many, where your Euchu has worked wonders. A man in our county, named J. B. Estell, has been suffering about five years with gravel. About six weeks ago he bought of us one bottle of your Buchu, and before he was through with one bottle he passed a gravel that weight eight grains, which we have now on exhibition in our drug store. He says he will never be without the Buchu in his house again. Your preparations are gaining favor every day. Very respectfully, yours, &c., ECCLES & HINKLE, Druggists.

I have suffered by spolls very much for a few days past; but yesterday relief came through the effect of je r "Buchu." A stone passed from my bladder about the

size of a large pea, and I now feel perfectly well,

and entirely free from the pain that I have suffered

with "so hard," I attribute my cure to your

EDITOR COSMOPOLITE :-- I desire, as an unsolic ited tribute to the merits of HELMBOLD'S SUCHI and for the benefit of those similarly afflicted as myself, to say that after consulting many eminent physicians and trying nearly all the best ad vertised remedies, in the vain hope of finding re any other vital organs of the body. Upon the Hef from aggravated kidney and bladder diseases, from which I have suffered excessively for many years, good fortune finally suggested to nervous system and Liver, and consequently the me HELMBOLD'S BUCHU, which I commenced using with little faith, and no apparent beneficial effects for about a month. At the expiration of that time, however, I thought I commenced to experience slight relief, which encouraged me to persevere in its use, and now, at the expiration of four months, although I am an infirm, old man seventy-eight years of age, a nearly seventy-eight years of age, and consequently medicines cannot be expected to favorably affect me as they otherwise would. I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable discovery, that I feel I-ought to publicly record the fact, as an acknowledgment to him, and a valuable suggestion to the public. MR. H. T. HELMROLD:—
DEAR SIR—In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used, or known to be used, in the various diseases where such medical patent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the badder and kidneys, and the reputation it has acquired, in my judgment, is warranted by the facts.

Extract Buchu to my daughter, who has been unable to sleep, very nervous; loss of appetite, general debility and rapidly failing into a decline—In fact consumption was talked of. I was recommended to use your Buchu, by a big 1) respectable lady of this place, who had given it to her son with complete success. My daughter had been troubled for a long time. I purchased one bottle some eight weeks since, which lasted one week, and from which she received a great benefit, and induced me to purchase one half dozen bottles, as I had tried many other remedies, and my family physician, to no avail. It is now more than two weeks since she has taken the last bottle, and I am happy to inform you of its complete success. acquired, in my judgment, is warranted by the facts.

I have seen and used, as before stated, every form of Busun—the powdered leaves, tincture fluid extracts—and I am not cognizant of any preparation of that plant at all equal to yours. Twelve years' experience ought, I think, to give me the right to judge of its merits, and, without prejudice or partiality, I give you precedence over all others.

I value your Buchu for its effect on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu or any other proprietary compound of whatever name. Respectfully yours, &c.,

Dr. H. T. HELMBOLD—Two bottles only of the
package of your valuable Buchu presented to the
finstitute have been used by the children, and
with perfect success. In the case of our little
Lieutenant A. J., his pride! no longer mortified,
and he is free from the daily morning anathemas
of the cambermaid who has charge of his bedding. I feel that a knowledge of the result of our
use of your Buchu with the children under our
charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great
amount of annoyance, and many a poor child suffering more from weakness than from habit, may
be spared pulsishment that is (not knowing it as
a weakness insteal of a bad habit) most unjustly
indisted upon them. Thanking you on behalf of
the children, and hoping others may alike be benefleed, I am respectfully yours.

DEAR SIE—Your communication requesting

During an accidental conversation in a drug cures for secret diseases," it was left unanswered. During an accidental conversation in a drug store the other evening, my mind was changed on the character of your Buchu. It was then highly commended, for other diseases by two physicians present. MR. H. T. HELMSOLD:

DEAR SIR—About two years ago I was troubled with both inflammation of the kidneys and gravel, and I resorted to several remedies without deriving any benefit whatever, and seeing your extract Buchu advertised, I procured a few bottles and used them. The result was a complete cure in a short time. I regard your Extract Buchu to be decidedly the best remedy for any and all diseases of the kidneys, and I am quite confident that it will do all you claim for it. You may publish this if you desire to go so.

Yours respectfully, EDWIN M. FRAZEL.

DISEASE OF THE KIDNEYS.

This is to certify that in the year 1859 one of our customers, a gentleman aged fifty years, who had been afflicted for fifteen years with disease of the kidneys, called on us for HELMBOLD'S EXTRACT BUOHU, and after having used eight bottles, stated to us that he considered bimself permanently cured. He has no hestation in stating that he received more benefit from the use of HELMBOLD'S EXTRACT BUOHU than from the

DEAR SIE—I have in my practice used in the majority of cases where disease of the urinary organs existed, HELMBOLD'S RXTRAOT OF BUOHU, and can confidently say that I have never known it to be used without the greatest beneficial results. I have consulted patients after partaking of it; and they invariably confirm my statement. I am satisfied that the reparation is an established fact, convincingly proved by the practical test of long experience.
